Verification of samples of uranyl or plutonium nitrate solutions by density measurements

*Qualification d'échantillons de solutions de nitrate d'uranyle ou de
plutonium par mesure de la masse volumique*

Reference number
ISO 11597:1995(E)

Contents

	Page
1 Scope	1
2 Principle	1
3 Equipment	2
4 Reagents	2
5 Calibration of the oscillator density meter	2
6 Evaporation losses	2
7 Procedure for testing the homogeneity of the solution	3
8 Procedure for testing the representativity of the sample	4
9 Example	4

Annexes

A Calibration of the density dip tube	8
B Bibliography	9
