FOREWORD

ISO (the International Organization for Standardization) is a worldwide federation of national standards institutes (ISO Member Bodies). The work of developing International Standards is carried out through ISO Technical Committees. Every Member Body interested in a subject for which a Technical Committee has been set up has the right to be represented on that Committee. International organizations, governmental and non-governmental, in liaison with ISO, also take part in the work.

Draft International Standards adopted by the Technical Committees are circulated to the Member Bodies for approval before their acceptance as International Standards by the ISO Council.

International Standard ISO 3261 was drawn up by Technical Committee ISO/TC 92, *Fire tests on building materials and structures*, and circulated to the Member Bodies in October 1973.

It has been approved by the Member Bodies of the following countries :

Australia	Hungary	South Africa, Rep. of
Austria	India	Spain
Belgium	Ireland	Sweden
Bulgaria	Israel	Thailand
Canada	Italy	Turkey
Czechoslovakia	New Zealand	United Kingdom
Denmark	Norway	U.S.A.
Egypt, Arab Rep. of	Poland	Yugoslavia
France	Portugal	
Germany	Romania	

No Member Body expressed disapproval of the document.
