Ref. No./Réf. n° : ISO 3880/I-1977 (E/F)

Descriptors : construction, buildings, stairways, vocabulary / Descripteurs : construction, bâtiment, escalier, vocabulaire.

FOREWORD

ISO (the International Organization for Standardization) is a worldwide federation of national standards institutes (ISO member bodies). The work of developing International Standards is carried out through ISO technical committees. Every member body interested in a subject for which a technical committee has been set up has the right to be represented on that committee. International organizations, governmental and non-governmental, in liaison with ISO, also take part in the work.

Draft International Standards adopted by the technical committees are circulated to the member bodies for approval before their acceptance as International Standards by the ISO Council.

International Standard ISO 3880/1 was developed by Technical Committee ISO/TC 59, *Building construction*, and was circulated to the member bodies in September 1975.

It has been approved by the member bodies of the following countries :

Australia	Hungary	South Africa, Rep. of
Austria	India	Spain
Belgium	Iran	Sweden
Canada	Israel	Switzerland
Cuba	Japan	Turkey
Denmark	Korea, Dem. P. Rep. of	United Kingdom
Egypt, Arab Rep. of	Mexico	U.S.S.R.
Finland	Netherlands	Yugoslavia
France	Norway	
Germany	Romania	

No member body expressed disapproval of the document.
