For each individual country the only valid standard is the national standard of that country.

Printed in Switzerland

Also issued in French and Russian. Copies to be obtained through the national standards organizations.

BRIEF HISTORY

The ISO Recommendation R 278, *Standard Layout for Methods of Analysis of Essential Oils*, was drawn up by Technical Committee ISO/TC 54, *Essential Oils*, the Secretariat of which is held by the Repartição de Normalização (IGPAI).

Work on this question by the Technical Committee began in 1953 and led, in 1956, to the adoption of a Draft ISO Recommendation.

This first Draft ISO Recommendation (No. 86) was circulated to all the ISO Member Bodies for enquiry. As the results of this consultation were not considered satisfactory, the Technical Committee presented a second Draft ISO Recommendation, which was circulated to all the Member Bodies in April 1960 and was approved by the following Member Bodies:

Australia	Greece	Portugal
Austria	India	Romania
Belgium	Israel	Spain
Burma	Italy	Sweden
Canada	Japan	United Kingdom
Chile	Mexico	U.S.S.R.
Czechoslovakia	Netherlands	Yugoslavia
France	New Zealand	

No Member Body opposed the approval of the Draft.

The Draft ISO Recommendation was then submitted by correspondence to the ISO Council, which decided, in November 1962, to accept it as an ISO RECOMMENDATION.
