

Characterisation of sludges — Good practice for sludges incineration with and without grease and screenings

ICS 13.030.20

National foreword

This Published Document is the official English language version of CEN/TR 13767:2004. It supersedes the 2001 edition which is now withdrawn. The UK participation in its preparation was entrusted to Technical Committee EH/5, Sludge characterisation, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.
