Ergonomics methods

Part 1: Feedback method — A method to understand how end users perform their work with machines

National foreword

This Published Document is the UK implementation of CEN/TR 16710-1:2015.

The UK participation in its preparation was entrusted to Technical Committee PH/9, Applied ergonomics.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
