

Electric cables — List of residual recognised national types

ICS 29.060.20

National foreword

This Published Document is the official English language version of CLC/TR 50424:2004.

The UK participation in its preparation was entrusted by Technical Committee GEL/20, Electric cables, to Subcommittee GEL/20/17, Low voltage cables, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

The following table includes cross-references to British cable types included in this publication and their corresponding British Standards.
