

Global medical device nomenclature for the purpose of regulatory data exchange

ICS 01.080.20; 11.040.01

National foreword

This Published Document reproduces verbatim CR 14230:2001. It is also identical to ISO/TS 20225:2001

The UK participation in its preparation was entrusted by Technical Committee CH/68, General terminology, symbols and information provided with medical devices, to Subcommittee CH/68/2, Identification, coding, nomenclature and regulatory data sets for medical devices, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the BSI Standards Catalogue under the section entitled “International Standards Correspondence Index”, or by using the “Find” facility of the BSI Standards Electronic Catalogue.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

This Published Document, having been prepared under the direction of the Health and Environment Sector Policy and Strategy Committee, was published under the authority of the Standards Policy and Strategy Committee on 22 November 2001
