

Fireworks —

Part 20: Jumping crackers — Specification and test methods

The European Standard EN 14035-20:2005 has the status of a British Standard

ICS 71.100.30

National foreword

This Published Document is the official English language version of EN 14035-20:2005. This part of EN 14035 has not been published as a British Standard because of the prohibition of such fireworks in the United Kingdom, as referred to in Annex C.

The UK participation in its preparation was entrusted to Technical Committee CII/47, Fireworks, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This Published Document was published under the authority of the Standards Policy and Strategy Committee on 21 April 2005
