

Fireworks —

Part 31: Shell-in-mortars — Specification and test methods

The European Standard EN 14035-31:2005 has the status of a BSI
Published Document

ICS 71.100.30

National foreword

This Published Document is the official English language version of EN 14035-31:2005. This part of EN 14035 has not been published as a British Standard because of the prohibition of such fireworks in the United Kingdom, as referred to in Annex C.

The UK participation in its preparation was entrusted to Technical Committee CII/47, Fireworks, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible European committee any enquiries on the interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a Published Document does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, the EN title page, pages 2 to 30, an inside back cover and a back cover.
