

BSI Standards Publication

Guidelines for safety related risk assessment and risk reduction for low voltage equipment

National foreword

This Published Document is the UK implementation of IEC GUIDE 116:2018.

The UK participation in its preparation was entrusted to Technical Committee L/1, Electrotechnical Technical Policy Committee.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
