

BSI Standards Publication

Guidance concerning the permissible temperature rise for parts of electrical equipment, in particular for terminals

National foreword

This Published Document is the UK implementation of IEC/TR 60943:2009. It supersedes BS IEC 60943:1998 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PEL/32, Fuses.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
