High-voltage switchgear and controlgear

Part 312: Guidance for the transferability of type tests of high-voltage/low-voltage prefabricated substations

National foreword

This Published Document is the UK implementation of IEC TR 62271-312:2021.

The UK participation in its preparation was entrusted to Technical Committee PEL/17, High voltage switchgear, controlgear and assemblies.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
