

BSI Standards Publication

Interoperation guide for field device tool (FDT)/device type manager (DTM) and electronic device description language (EDDL)

National foreword

This Published Document is the UK implementation of IEC/TR 62795:2013.

The UK participation in its preparation was entrusted to Technical Committee AMT/7, Industrial communications: process measurement and control, including fieldbus.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
