

BSI Standards Publication

Light and lighting — Maintenance factor determination — Way of working

National foreword

This Published Document is the UK implementation of [ISO/CIE TS 22012:2019](#).

The UK participation in its preparation was entrusted to Technical Committee EL/1, Light and lighting applications.

A list of organizations represented on this committee can be obtained on request to its secretary.

The UK committee draws users' attention to [Table C.5](#), which provides examples of luminaire maintenance factors (LMFs) for general outdoor lighting installations. However, more detailed research has been carried out on road lighting in the UK. LMF values for road lighting can be found in [BS 5489-1:2013](#).

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
