

Technical product documentation — Metadata for construction documentation

ICS 01.110; 35.240.01

National foreword

This Published Document reproduces verbatim ISO/TR 19033:2000.

The UK participation in its preparation was entrusted to Technical Committee B/555, Construction modelling, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international publications referred to in this document may be found in the BSI Standards Catalogue under the section entitled “International Standards Correspondence Index”, or by using the “Find” facility of the BSI Standards Electronic Catalogue.
