

BSI Standards Publication

Application of ubiquitous public access to-geographic information to an air quality information service

National foreword

This Published Document is the UK implementation of ISO/TR 19167:2019.

The UK participation in its preparation was entrusted to Technical Committee IST/36, Geographic information.

A list of organizations represented on this committee can be obtained on request to its secretary.

The UK committee draws users' attention to the fact that although the worked example of this Published Document is an air quality information service, such a service in the UK, if operated by or on behalf of a public authority, is governed by the following Statutory Instruments: the INSPIRE Regulations 2009 (SI 2009/3157); the INSPIRE (Amendment) Regulations 2012 (SI 2012/1672); and the INSPIRE (Amendment) (EU Exit) Regulations 2018 (SI 2018/1338).

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
