

BSI Standards Publication

**Space environment (natural and artificial) —
Operational estimation of the solar wind energy
input into the Earth's magnetosphere by means of
the ground-based magnetic polar cap (*PC*) index**

National foreword

This Published Document is the UK implementation of ISO/TR 23989:2020.

The UK participation in its preparation was entrusted to Technical Committee ACE/68, Space systems and operations.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
