

BSI Standards Publication

**Direct reduced iron — Determination of carbon
and/or sulfur — High-frequency combustion
method with infrared measurement**

National foreword

This Published Document is the UK implementation of ISO/TR 9686:2017. It supersedes BS ISO 9686:2006, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ISE/58, Iron ores.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
